INTERVENTION AND INFLUENCE SKILLS:
PRESENCE AND STRATEGIC USE OF SELF**

November 28-30, 2017 in Toronto, Canada

With Dorothy E. Siminovitch, PHD, MCC

**Author of *A Gestalt Coaching Primer: The Path Toward Awareness IQ*
and Gestalt Center for Coaching Faculty**

Personal and professional mastery means that we are aware of what we evoke through our presence and responsible for what we provoke through the deliberate leveraging of our presence. Skillful leveraging of presence requires excellent process management skills that invite client awareness, choice, and innovation.

Drawing from Gestalt foundations, we offer a highly experiential, relational, and feedback-rich workshop that allows our participants to practice what they are learning in the observant, supportive company of equally committed peers and experienced Gestalt practitioners.

- Strengthen awareness of your distinctive presence
- Explore your impact and effectiveness as intervener at multiple levels of system
- Identify your access to both intimacy and strategic action
- Learn developmental strategies to increase personal and professional mastery
